

LOCKDOWN PROCEDURE POLICY

Preamble

A lock-down would be used anytime students need to be contained and protected inside school buildings. A chemical spill, for example, could put students and staff at risk of toxic inhalation if allowed outside. Also, a fugitive abandoning a car chase to flee on foot could pose the risk of a hostage situation. In both these cases the Police would request a lock-down of the school to prevent putting students and staff in danger. An unarmed intruder inside the building can also be cause to implement the lock-down procedure, separating the intruder from students. In this case a lock-down may also help to prevent confusion, and to make it easier for staff to account for all students as it is simpler to determine if a student is missing when the students are at least standing still. When the 'lock down' signal is given, teachers go to their classroom doors, listening, and then looking for a sign of imminent danger. If it's safe to do so, they pull in any students in the hall or nearby toilets, then close and lock the door and turn off the lights.

Policy Statement

The Management of Deira Private School believes that the safety of students and staff in our school is paramount and takes every precaution to ensure the safety of all. The Management believes that the school needs to be secured in an appropriate manner when dealing with a perceived or actual threat to the school community.

Rationale

The Management of Deira Private School is committed to providing a safe and caring environment for students and staff. Therefore, the school will develop a plan to respond to a perceived or actual threat to their school community.

General Emergency Lockdown Procedures

Communication

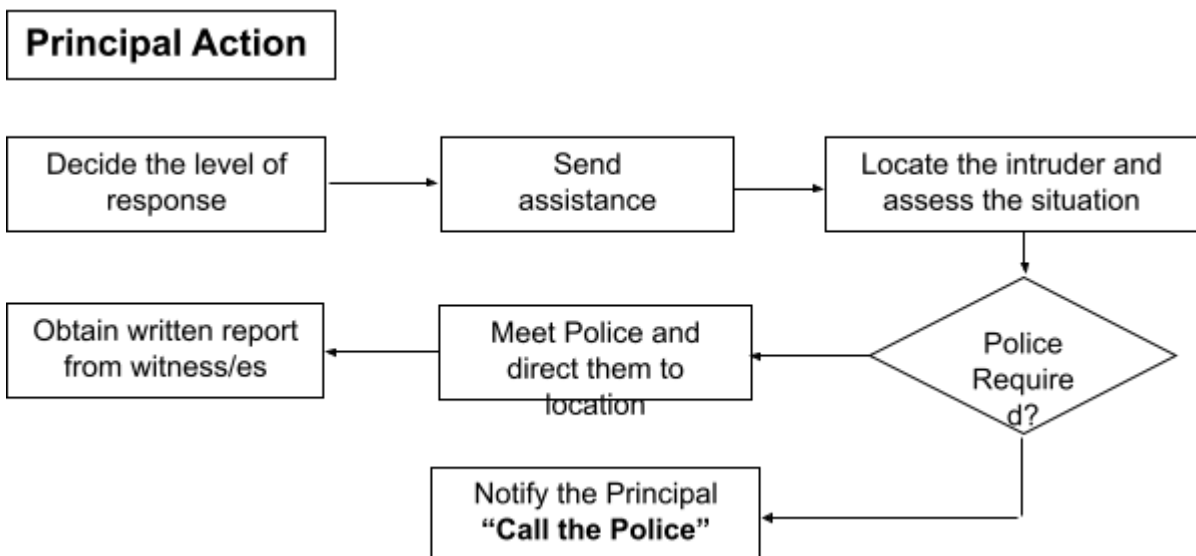

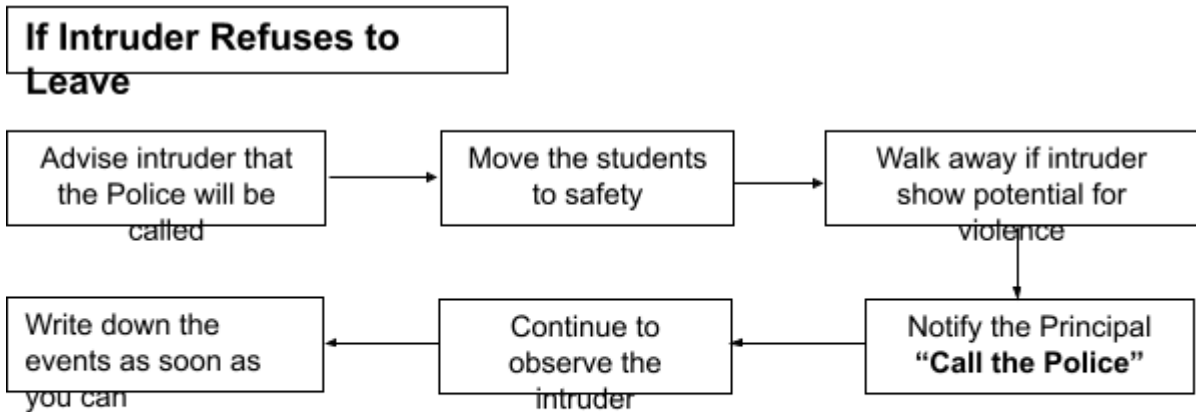

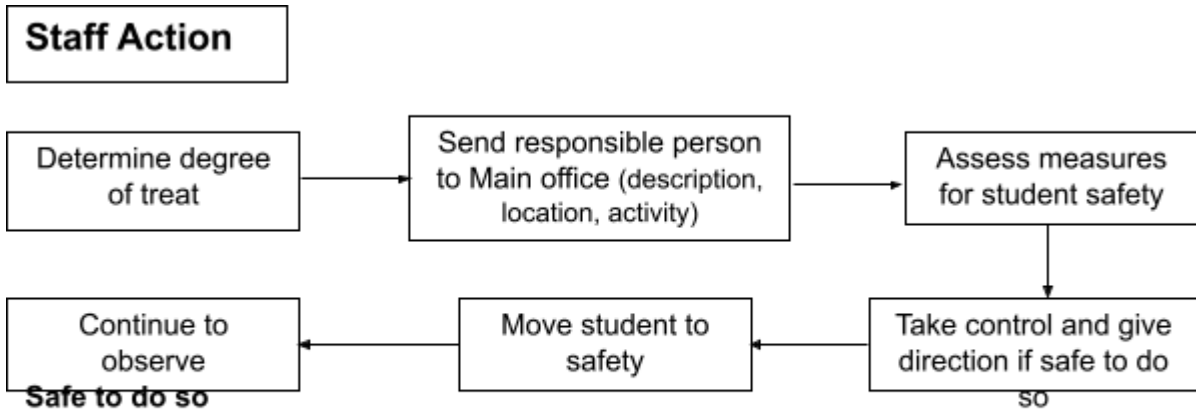

1. In the event of a critical incident requiring 'Lock Down', the person witnessing the incident must try to notify the school office to raise the alarm. The Office staff member receiving the incident call will notify the Principal.
2. The Principal and/or the person-in-charge (PIC) at the time of the incident will determine the need for a 'Lock Down' and sound the appropriate alarm.
3. An Emergency Lockdown will be announced by intercom or other voice communication. The announcement will state the following:
"This is a LOCK DOWN"
"This is not a fire drill"
"Everyone is to stay in the room, remain seated and to keep calm and quiet."
Alternative signal: the sounding of the **School electric bell with intermittent 5 second (on/off)** bursts for a continuous one minute period.
4. The Principal or PIC shall immediately contact Police and provide as much information as possible.

5. Fire evacuation alarms are not to be sounded.

Procedures

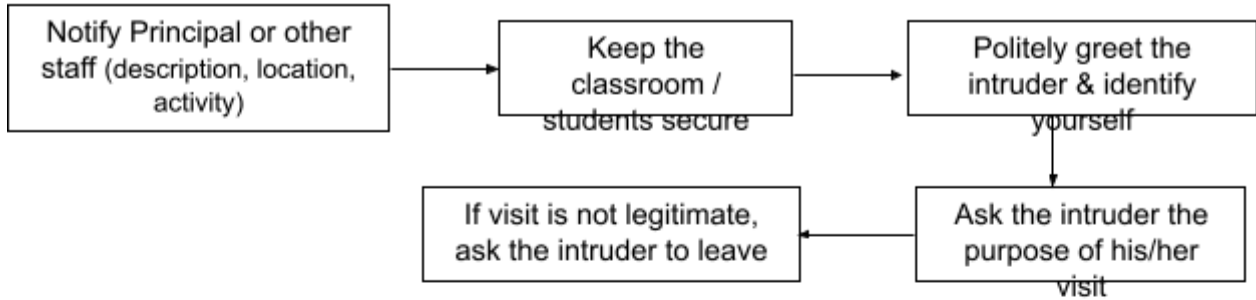

1. If the 'Lock Down Alarm' is sounded before school, during lunch breaks or play breaks students are to move directly to their classroom as long as it is safe to do so.
 - a. Teachers are to stay in, or move to, their classroom.
 - b. Support staff are to move promptly to the playground areas and direct students to their classrooms, if it is safe to do so.
 - c. The Facility Manager is to lock all perimeter gates, if it is safe to do so.
 - d. The Principal must stay in, or move to, the office area to facilitate communication.
2. If outside, children proceed to the nearest classroom.
Staff need to be mindful that children from other classrooms may seek sanctuary in their room.
3. Lock the classroom and other doors.
4. Close and lock windows.
5. Close curtains.
6. Turn off lights and computer monitors.
7. Each person should stay away from windows and doors, and remain low to the ground.
8. Everyone is to remain quiet.
9. Do not allow students to use the classroom phone if there is one available. It must be kept free for communication with the office.
10. Staff with mobile phones should ensure they are turned on, and should check them frequently for messages.
11. No one is to answer the door under any circumstances.
12. A staff member should take a head count and obtain the name of each individual in the room. When practical, email the list of children and staff in the room to the office (principal@deiraprivateschool.ae). Inform the office via email of any children missing.
13. Should the fire alarm sound, do not evacuate the building unless:
 - a. You have first hand knowledge that there is a fire in the building, or
 - b. You have been advised by the Police or the Principal to evacuate the building.
14. Students and staff should stay where they are until official notification is provided by the principal or an identified police officer that the lockdown is over.
15. Where the lockdown lasts an extended period of time or extends beyond normal school hours, the Principal or designated serious incident co-ordinator should notify parents via local media and with the assistance of local police.
16. In conjunction with local police, the Principal or designated serious incident co-ordinator should arrange for parents to pick students up from school at a designated safe area.
